Read the entire paragraph. Then use the information in the paragraph to help you draw and color the image.

In my dad's office, there is a huge saltwater aquarium. The fish in it are beautiful. There are two pink fish and two slightly larger green fish. The biggest fish of all is red. He is bigger than two of any other fish put together! There are green plants on either side of the tank. The entire back wall is painted to look like a coral reef. There are rocks and many brightly colored plants that look like flowers. My dad's tank is so much prettier than the one we have at home. He says that's because ours is a freshwater tank. All I know is that brightly colored fish are much prettier than gray ones!

Draw a picture of the fish the speaker described in the tank.
