

Cars are part of our everyday lives. What would our lives be like without cars? Write a paragraph (or you might write an essay if you choose) explaining how the world has changed because of the automobile.

1. Brainstorm a list of five ways the world has changed because of the invention of the automobile.
2. To begin, write a general statement about how the invention of the automobile has affected our lives. This general statement will be your topic sentence.
3. Now, support your topic sentence with at least three sentences that provide facts, details, and examples.

Read the entire paragraph. Then use the information in the paragraph to help you draw and color the image.

The most exciting thing I saw on my summer vacation was a lighthouse on a rocky island. If I stood at the edge of the beach, I could see the bright white lighthouse reaching up high into the sky. It had one window at the very top and a large light on its small roof. It was standing alone on a small rocky piece of land in the middle of the ocean. There was a small boat at the edge of the rocky island. I felt very small standing on the beach and looking across the water at the majestic lighthouse!

Draw a picture of the lighthouse the speaker saw on vacation.
