

Banner

Announce to all students and visitors that you are celebrating "Poetry Month" in April by copying the included banner pieces and stringing them (or taping them in a pleasing succession) across the room or wall. Feel free to create your own arrangement (examples below) to accommodate your space. Combine this with the available bulletin board and other decor to encourage a sense of cohesiveness.

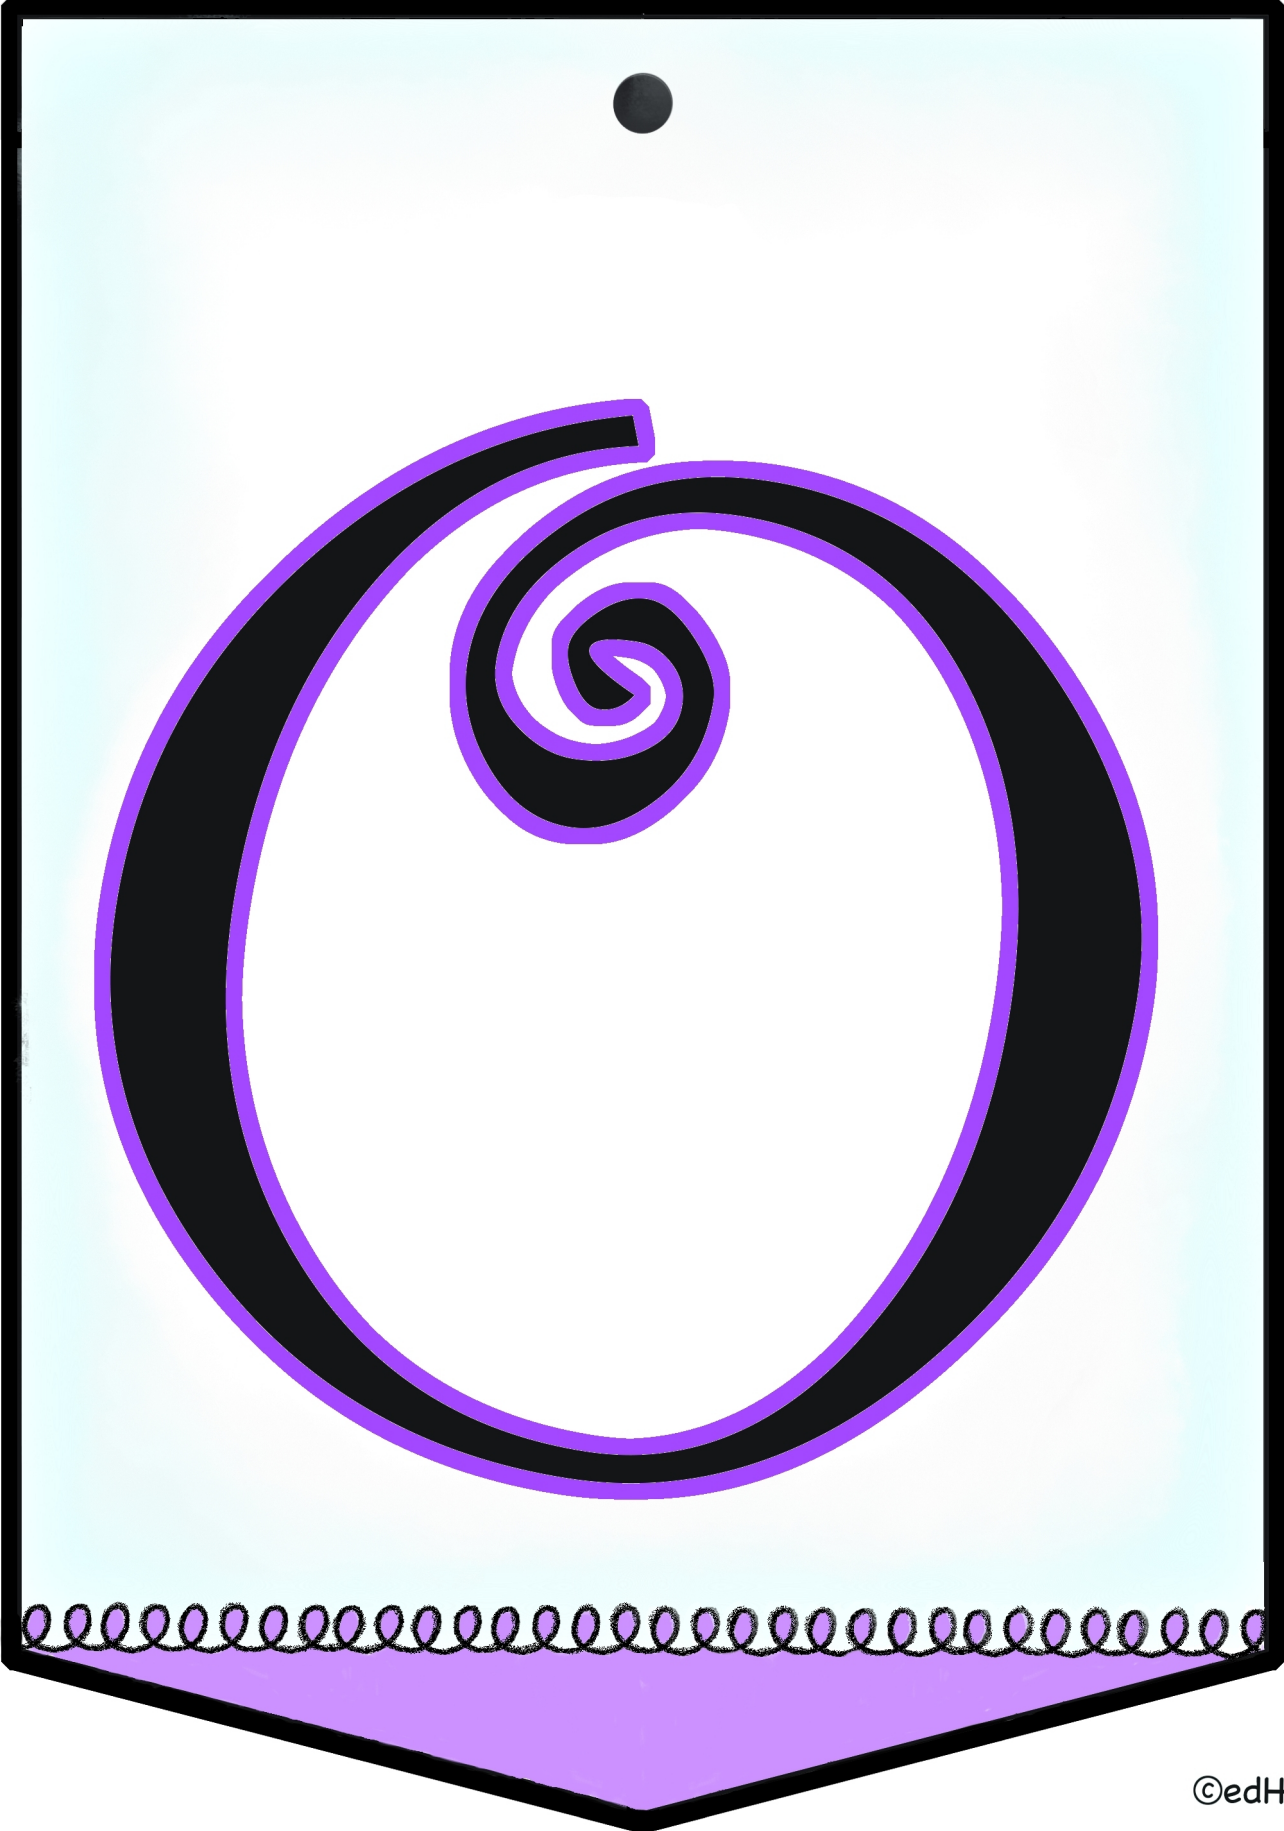

One banner piece has been intentionally left blank as a spacer between the words. Consider using this to write your own messages/headings.
