"Did you know that our teacher has a brother named John?" asked Sally. "He's one of the fifth grade teachers."

"I hope he's my fifth grade teacher in two years," replied Anna.

"Me too," smiled Sally.

Billy gave us a look. "Well, I heard our teacher is not John's brother."

"Liar, liar, pants on fire!" yelled Anna and Sally.

"Actually," interrupted our teacher after hearing the noise, "no one is lying."

How can that be the case?

Show your work.

It's true! Neither Mrs. Jennings nor Sally are lying.

Ready to make equations? There is a missing equation in each box.

Circle the numbers once you find it!

**A**

32	14	28
<b>41</b>	72	<b>62</b>
<b>21</b>	75	78

Find an addition fact.

**B**

<b>94</b>	85	43
72	64	9
27	57	50

Find an addition fact.

**C**

25	14	<b>78</b>
84	69	67
71	7	56

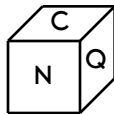

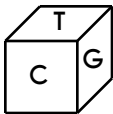

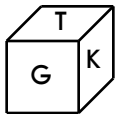

Find an addition fact.

Equations:

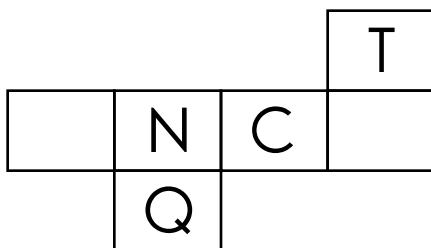

Write the equation facts you found.

<b>A</b>	21	+	41	=	62
<b>B</b>		+		=	94
<b>C</b>		+		=	78

This is the look at one cube that is turned around a few times.

This pattern can be folded into the cube. Fill in the missing boxes.

Write the fraction for 0.49.

Emma has an older brother. And guess what? He likes to brag! "I just rode my bicycle all the way to the store. I bought everything myself that the teacher asked us to buy. And it only cost \$50," said David.

Emma always waits until the last minute, so she forgot all about buying stuff for school. Her mom had given her a \$50 gift certificate to the Quick Delivery website. She found what she needed on Quick Delivery: glue sticks for \$4, a ruler for \$4, two notebooks for \$4 each, pencils for \$1, tissues for \$3, a backpack for \$42, and a lunchbox for \$22. Since she only has \$50, she is thinking she could probably use her backpack from last year. But she forgot she might have to pay for shipping. Same day shipping is \$6, next day is \$3, and 2-3 days is free.

"When is school starting?" asked Dad.

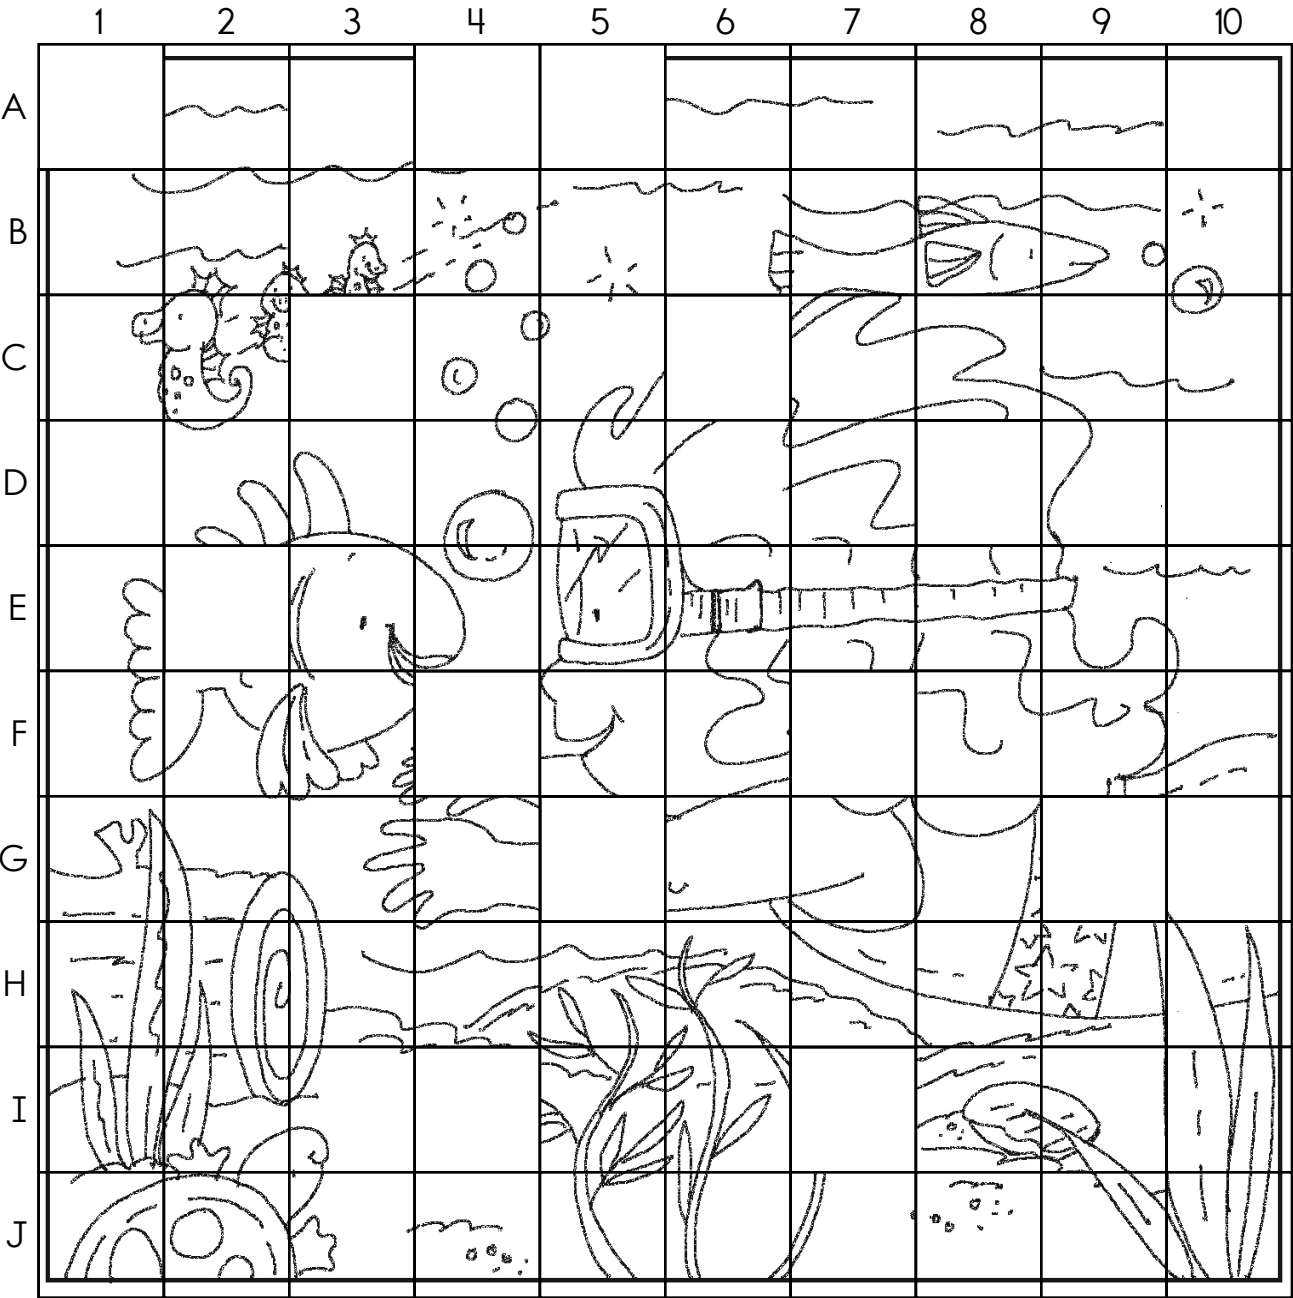

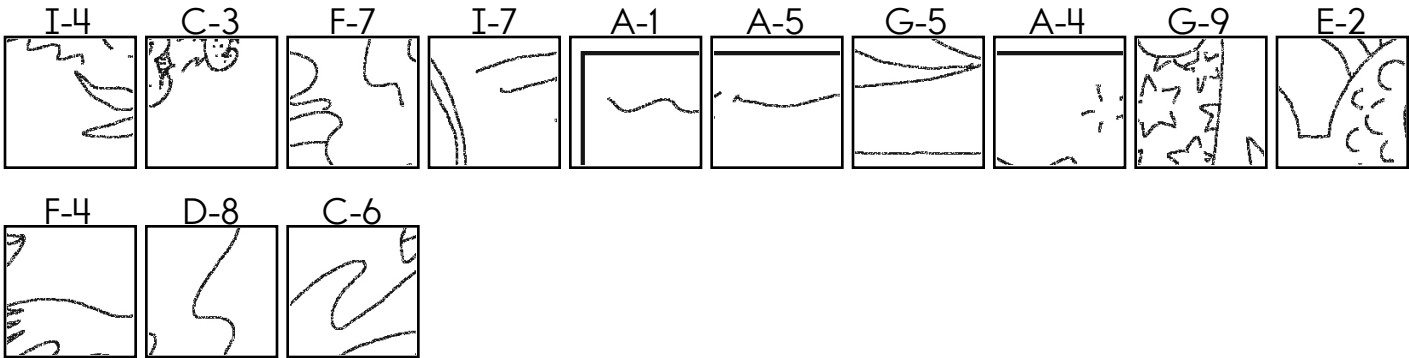

"In two days!" replied Emma's brother.

How much will Emma's purchase cost her?

Mr. Smith loves to give homework. "The more the better!" Mr. Smith always says to his students.

"I hope I get him next year," said Sally to April as they were walking to school. She had heard about the daily homework pass. "Did you hear that if you are the first to answer the question of the day on the board, you can skip homework for a week?"

"I know," said April. "He is my teacher this year. I hope you get him next year. Anyway, see you later after class."

When April walked into class, she saw Mr. Smith had already written the challenge:

"Would you believe in my family, my brother, my sister, and myself were all born in August? My older brother, John, was born in 1976. We were born 3 years apart. My older sister, Samantha, was born in 1973."

How old was Samantha when Mr. Smith was born?

The next day the board said:

"How old is Mr. Smith?"
