Did you know that aliens LOVE cheeseburgers? They have come to Earth to take every single cheeseburger that they can get their little green fingers on.

Luckily, aliens are not very strong. They cannot lift 20 lbs. Connect each cheeseburger to an anchor to save the cheeseburgers.

Match each cheeseburger to an anchor to equal 20.

Greetings, Earthling. I come in peace... in search of peas! I only like pea pods with sums that equal 20, however. Please circle the peas that I please.
