Erin is playing a game. She has 50 tens. Her brother has 7 hundreds. How much more does her brother have?

Make your own pattern. The first number should be less than a hundred. Pick and write your first number.

The second number should be 5 tens more than your first number. Write it.

The next number should be 5 tens more than that. Write it.

Now write your entire pattern.

956 is 56 more than what number?

How do you spell the number you just wrote?

Draw 2 squares and 6 circles.

What if I told you that one square represents one and one circle represents ten? What number do you think your picture represents?

You and Amy have a secret code. You draw stars for hundreds, happy emojis for tens, and hearts for ones. How would you draw 202 to her?
