# What's the Big Deal?

Coronavirus (or COVID-19) can spread very easily. That's why we are staying home.

It's why schools, businesses, and other places are shut down.

Sometimes you will see people wearing masks and even gloves. Don't be afraid. It's all being done to protect you and others.

Did you know that "corona" means crown? If we looked very closely, we would see that part of the virus has a crown shape.

# Why Can't...

Why can't  
I go where I want?  
I'm not sick!

Why can't  
I visit my grandparents  
and friends?

Why can't  
my parents play  
with me instead of  
working at home?

Again, it's to keep you and others  
safe from COVID-19. You will need  
to wait for awhile to do the  
things you naturally want to do.

# Stay Healthy

Here are things you can do.

Stay at home and don't have others over.

Keep at least 6 feet from those you don't live with. This is called "social distancing."

Wash your hands with soap for at least 20 seconds.

Wipe away germs on surfaces and things with good products.

# Time at Home

Some families will struggle more than others during this time. Maybe you have things they don't. Write (or have someone else write) a letter from your family to theirs.

# Remember

Sometimes you will feel sad about this. Color this then look at it often to remind you that everyone feels the same.
